# NOTICE OF FOURTH DISTRIBUTION OF CAPITAL FOR THE ADVANCE ALTERNATIVE STRATEGIES MULTI-BLEND FUND AND THE ADVANCE GLOBAL ALPHA FUND

15 DECEMBER 2016

---

We are distributing capital to investors as part of the winding up process for the Advance Alternative Strategies Multi-Blend Fund and the Advance Global Alpha Fund (the Funds). The fourth distribution has been paid on 15 December 2016 representing approximately 6% of the Funds' capital\* being returned to investors. The fourth payment has been processed as a distribution of capital and will be included in each investor's next quarterly distribution statement in January 2017. The value of each investor's remaining investment in the Fund will decrease as a result of the payment of this amount. The unit price of the Fund will consequently decrease as well.

Proceeds have been paid into the bank account investors nominated to receive their distributions. If investors had previously elected for their distributions to be reinvested into the Funds, we have paid the capital distributions to their nominated bank accounts, if this has been provided. A cheque will be sent to an investor's mailing address if we do not have details for their nominated bank account or if the payment is rejected by their bank.

We expect to make a final capital payment to investors around the week ending 28 April 2017, which will complete the wind up of the Funds.

This timeframe and the final payment amount may vary as they may be influenced by factors such as liquidity conditions, market events and currency movements. We will notify investors if there are any significant changes.

*\* The amount is an approximation of the percentage of total capital as at the Funds' termination date, 14 June 2016. The first distribution of capital, which represented approximately 30% of the Funds' capital, was paid to investors on Thursday, 21 July 2016. The second distribution, which represented approximately 25% of the Funds' capital was paid on Thursday, 4 August 2016. The third distribution, which represented approximately 30% of the Funds' capital, was paid to investors on Tuesday 8 November 2016.*
